

Previously, multiple Cluckys #11 were running around playing tricks on people, but the lovable indestructible great student of Chaos had discovered that the Clucky copies would soon disappear. Can she save Clucky before he gets himself into real trouble---

Elsewhere ---

I've got to find Clucky before he gets into real trouble!

Ya know, I've been thinking... It's really confusing how we all call ourselves Clucky. Maybe three of us should chose our names...

I must think of a way to steal Commander HJ's ruby! If only... Hey, what's that smoke?

I am Clucky, the mighty wizard chicken! With my magic powers, I summon the Magic Pearl!

Nearby...

There they are! What are they doing? We've got to save them!

No, hang on... I want to see how this turns out...

Oh, no! Not the magic pearl! Don't vanquish me! I'll do anything!

Heh, Heh, this is awesome!

What is it?

uh, oh...

Very well, I shall spare you, but in return you must...
Ouch! Hey!

What!

How dare you try to trick me with a jawbreaker!

Don't worry! I'll save you!

An innocent jawbreaker's in trouble, we must save it!

Oh, Munch, thank you!

Munch, wait!

Not you! the jawbreaker! Hey! this IS my jawbreaker!

All right Clucky...

I'm not really Clucky! My real name is Mahri! you want the other Clucky!

Sure, and my name is really Riley. Nice try! I'm going to eat you both!

But, pythons don't eat gerbils!

They don't?

Nope! Gerbils and pythons are friends! Pythons only eat chicken!

Hey!

And, those greedy jaw breaker, stealing ones taste the best!

Munch!

Well, OK, I suppose that I could just... Ouch

Bank!

What was that for?

I found this piece of PVC pipe under my desk and thought I could use it to vanquish someone

See, like this!

Ouch! Stop that! Why can't you just vanquish me with the magic pen!

Bank!

Because I always vanquish you that way and it's so predictable and un-chaotic! Besides, this is more fun!

I can't deal with being vanquished this way! I'm leaving!

You saved me! Oh, thank you!

Did you learn a little lesson today?

Yes! Munch is vengeful! Never steal his jaw-breakers
