Lovable, Indestructible  
Grad Student of  
Chaos, Come  
quick!

What is it, Fellow  
Grad Student?

Micheal the  
Canary Trainer  
has Beckman  
under siege.

His birds are  
eating all the  
food in the  
Beckman  
Cafeteria!

I must stop  
him!

Here, use my  
fly swatter!

Thank  
you!

Wow! You totally  
vanquished him, Lovable,  
Indestructible Grad  
Student of Chaos!

SPLAT!

Yes, well, I hate  
those stupid orange  
lady bugs! Now, to  
the cafeteria, quickly!

In the cafeteria...

That's right, troops! Eat all the food in Beckman!

Hold it, Michael the Canary Trainer!

My birds will eat all the food in Beckman AND distract all the researchers here with their chirping. What will you do about it?

HMM...

Using her highly chaotic grad student brain, the Lovable Indestructable Grad Student of Chicago calculates the most probable outcome of every plan she can come up with...

HMM...

AAAAHH!!  
Attacking  
Canaries!!!

But then...

Stay here, Fellow Great Student. I have an idea! I'll be right back...

Several (thousand) hrs later...

I have returned!

What's in the box?

This is Munchy, the hungry gerbil...

He will eat all the food so there is nothing left for the canaries!

But...

Are you going to eat that?

Tweet!

OK...

No! With no food, my birds will starve! Retreat! Retreat!

Hooray! The lovable, Indestructible Great Student saved Beckman...

Sort of...

Hey! Would you rather be "sort of" saved or unsaved?

When you put it that way...

Hooray for the Lovable Indestructible Great Student of Chaos
